Los Angeles, CA

In the fight against Trump's deportation machine, Los Angeles lags. Both the federal and state governments have failed their responsibility to all our residents.

TOGETHER, we can do better!

Let's show our City Council and our Mayor that demand for a strong City of Sanctuary ordinance is vocal, powerful and widespread.

Join us for an inspirational and educational Town Hall to support an ordinance that will finally make L.A. a Sanctuary City, where we are all treated with the equality, respect, and dignity we deserve.

Featured speakers include distinguished labor leader **Maria Elena Durazo**, long-time immigrant rights activist **Angela Sanbrano**, and City Councilmember **Gil Cedillo**.
