The City’s Neighborhood Council system enables civic participation for all Angelenos and serves as a voice for improving government responsiveness to local communities and their needs. We are an advisory body to the City of Los Angeles, comprised of volunteer stakeholders who are devoted to the mission of improving our communities and bringing government closer to us.

Si requiere servicios de traducción, favor de avisar al Concejo Vecinal 3 días de trabajo (72 horas) antes del evento. Por favor contacte Don Lee, Secretaria por correo electrónico al dlee@westlakenorthnc.org para avisar al Concejo Vecinal.

IN CONFORMITY WITH THE SEPTEMBER 16, 2021 ENACTMENT OF CALIFORNIA ASSEMBLY BILL 361 (RIVAS) AND DUE TO CONCERNS OVER COVID-19, THE NEIGHBORHOOD COUNCIL MEETING WILL BE CONDUCTED ENTIRELY WITH A CALL-IN OPTION OR INTERNET-BASED SERVICE OPTION.

Every person wishing to address the Board must dial **888 475 4499** and enter Meeting ID: **834 7483 4885** and then press #9 to join the meeting. When prompted by the presiding officer, to provide public input at the Neighborhood Council meeting the public will be requested to dial *9 or use the Raise Hand option, to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered.

Comments from the public on other matters not appearing on the agenda that are within the Board’s jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to minutes per speaker, unless adjusted by the presiding officer of the Board.

AB 361 Updates: Public comment cannot be required to be submitted in advance of the meeting; only real-time public comment is required. If there are any broadcasting interruptions that prevent the public from observing or hearing the meeting, the meeting must be recessed or adjourned. If members of the public are unable to provide public comment or be heard due to issues within the Neighborhood Council’s control, the meeting must be recessed or adjourned. Any messaging or virtual background is in the control of the individual board member in their personal capacity and does not reflect any formal position of the Neighborhood Council or the City of Los Angeles.

City Council:

a. MOTION: To oppose and submit Community Impact Statement (CIS) to Council File CF21-1283 Sworn Personnel Staffing Levels /Los Angeles Fire Department/Noncompliance/Service Disruptions /City Vaccination Requirement/COVID-19 Pandemic.

MOTION The COVID-19 pandemic continues to present a major public health threat in the City of Los Angeles, most critically to vulnerable populations. In the past months, the City of Los Angeles has taken decisive action to combat the pandemic including the adoption of ordinances requiring City workers to be fully vaccinated as a condition of employment; and requiring all persons to provide proof of vaccination or a negative COVID-19 test for establishments including restaurants and gyms. City workers have until December 18, 2021, to provide proof of vaccination or face disciplinary action. The Fire Department (LAFD) serves as the primary responder for emergency incidents in The City including response to fires and medical emergencies. As of October 28, 2021, approximately 69 percent of the LAFD's sworn workforce has been fully vaccinated. As the deadline to provide proof of vaccination approaches, the City must ensure that the LAFD can avoid service disruptions in the event of a loss of sworn personnel directly resulting from noncompliance with the City's vaccination requirement. I THEREFORE MOVE that the City Council instruct the Fire Department (LAFD), with assistance of the City Administrative Officer and the Personnel Department, to report with a plan to maintain adequate sworn personnel staffing levels in the event of substantial noncompliance with the City's vaccination requirement for City workers. PRESENTED BY: a\ GILBERT A. CEDILLO Councilmember, 1st District.

The City of Los Angeles put our first Responders (Fire and Police) in danger during the Covid Pandemic by putting them face to face with Rioter and Protesters before the Covid vaccine was available

The Westlake North Neighborhood Council opposes Council File CF21-1283

- The City of Los Angeles endangered our Firefighters and Police by putting them on the front lines, face to face, with possibly infected people during high rates of Covid 19 and Covid deaths by refusing to stop rioting and protests, all threats should have been stopped by Emergency orders when vaccines were not available. The City of Los Angeles and sworn officials exposed its employees to the virus when a vaccine was not available. Well over a thousand of the LAPD personnel became infected.
- Our Firefighters were also put on the Covid Frontlines by doing their regular duties and assigned to do Covid Testing throughout the city. Despite the dangers they still responded to the call of duty and many Fire personnel also were infected with Covid -19 but once recovered personal went right back to the frontlines.
- Through some of the darkest hours in The City of Los Angeles and the Holiday's. The City has placed many public safety personnel off duty with no pay and proceeds to fire the

personnel that heroically did what they could to continue to provide services at the risk of their own safety, their families, and the lives of people in our city. The City of Los Angeles rewards our Firefighters and Police Officers by firing them from their jobs and puts the citizens in danger by having less units available and in service to respond faster to emergencies.

- The City of Los Angeles is putting the lives of the people in the City in danger by diminishing the work force and letting go of first responders for not being vaccinated, and under staffing those departments that are already highly understaffed.
- An additional Economic burden is being placed on the City's Taxpayers, as it costs additional money to hire and process new staff members and potentially many years of learning for these staff members to reach their full potential.
- Having the vaccine is not stopping people from spreading the virus but it is stopping our first responders from responding to the emergencies in our city.

b. MOTION: To support and submit Community Impact Statement (CIS) to Council File CF [21-0869](#) Neighborhood Watch Program / Community Building / Online Toolkit / LAPD Online.org / Public Safety Neighborhood Smartphone Application.

City Council

MOTION PUBLIC SAFETY National Night Out is an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places to live. National Night Out enhances the relationship between neighbors and law enforcement while bringing back a true sense of community. Furthermore, it provides a great opportunity to bring police and neighbors together under positive circumstances. Millions of neighbors take part in National Night Out across thousands of communities from all fifty states, U.S. territories and military bases worldwide on the first Tuesday in August. Neighborhoods host block parties, festivals, parades, cookouts and various other community events with safety demonstrations, seminars, youth events, visits from emergency personnel, exhibits and much, much more. Many technological advances have occurred since National Night Out was founded in 1984, that could help facilitate communication and collaboration between residents and law enforcement throughout the year. The Los Angeles Police Department should be a national leader and at the forefront of using technology to build relationships with community members, yet one of their primary tools for providing information to the public the Department's official website, LAPDOnline.com - is confusing, difficult to navigate and lacks up-to-date, accurate information. I THEREFORE MOVE that the Los Angeles Police Department (LAPD), with the assistance of the Information Technology Agency (ITA), and City Administrative Officer (CAO) be directed to report with recommendations on creating a community-building campaign and toolkit that will make it easier for residents to form new Neighborhood Watch programs and allow existing Neighborhood Watch associations better access to resources that will allow them to improve community public safety. I FURTHER MOVE that the LAPD, ITA, and CAO report back on making improvements to LAPDOnline.org that would incorporate the following: • User Interface & User Experience optimization • The ability to search by address for LAPD Division, recent crime statistics, reporting district, basic car area, Community Police Advisory Board meetings and Senior Lead Officer • Information and resources

about how to start a neighborhood watch program • Information about how to report a crime in progress • Information about how to provide tips on a past crime I FURTHER MOVE that the Los Angeles Police Department, be directed to report with recommendations on ways to enhance communication and collaboration with residents, businesses and other stakeholders through the use of public safety neighborhood smartphone apps, such as Next Door, Citizen and Nixie. PRESENTED BY JOE BUSCAINO - Councilmember, 15th District.

The Westlake North Neighborhood Council supports CF 21-0869 which supports building relationships and information sharing between the Community and LAPD.

c. MOTION FOR STATEMENT (On WEBSITE)

To Disclose On Website: Emergency Covid 19 Motion to add to the Westlake North Neighborhood Council Neighborhood Council Standing Rules, that if we continue to be in a state of emergency and the City of Los Angeles is enforcing a vaccine mandate on public facilities the Westlake North Neighborhood Council will continue to hold our meetings through Zoom only to keep the stakeholders and our board members safe. In addition, ***we have strong convictions in excluding any community member and/or board members who are unvaccinated from attending our meetings*** and do not want to violate the Ralph M. Brown Act by not allowing stakeholders to attend our meetings. If in fact The Mayor and City Council members feel that there is a medical reason to insist that the mandate continues and that we must exclude community members from our meetings, then clearly it is medically unsafe to hold any meetings in person (***Draft verbiage***).

d. Discussion /Action MOTION to approve Westlake North Neighborhood Council holding “Slow Down Events”

Motion for the Westlake North Neighborhood Council support holding “Slow Down Signs”

To bring attention to the need to slow down to help prevent the number of vehicular deaths in our community.

e. MOTION to oppose the continued Vaccine Mandates To oppose and submit Community

Impact Statement (CIS) to Council File 21-0878. COVID-19 Vaccination Requirement / Eligible Individuals / Indoor Spaces / Vax Up LA. PRESENTED BY NURY MARTINEZ - Councilmember, 6th District – Z and MICH O’FARRELL.

- The vaccine mandates are unconstitutional and discriminatory and sets the format for segregation.
- All data of science not being presented to the public and/or being followed. Many new cases are being documented as individuals who have already been vaccinated, such as our Mayor Eric Garcetti.
- The City and County has not invested, tested, or has moved on data for herd immunity. Many people have beaten the illness which now have natural immunity.
- There have been many side effects and death from the vaccines that are not being shared with the Public, such as, Myocarditis and pericarditis, particularly in young men and

children and blood clots in women.

- Having the vaccine is not stopping people from being able to spread it.
- Further the Department of Neighborhood Empowerment is investigating how they can implement this on the Neighborhood Councils. Leaving many councils with the ability to not meet quorum because not everyone will want to vaccinate which will disable many communities from not being served and/or represented by their neighborhood council members.

MOTION

In March 2020, the World Health Organization (WHO) declared the COVID-19 outbreak a global pandemic. On March 4, 2020, as COVID-19 cases were increasing, the City and County of Los Angeles both issued a Declaration of Local Emergency. Even though cases are down from the height of the pandemic, the City has continued to renew its Declaration of Local Emergency because COVID-19 continues to be a threat to public health. It is the duty of the City of Los Angeles to pursue a safe and healthy city, consistent with COVID-19 regulations, to protect its residents and the public at large as the City and County reopen.

As a result of the delta variant, COVID-19 cases saw a steady spike in Los Angeles County since the beginning of June. In July, the Centers for Disease Control and Prevention reported that new cases are up by nearly 70% in just a week and hospitalizations are up by nearly 36%. According to an NPR report, the delta strain appears to be about 225% more transmissible than the original SARS-CoV-2 strains. A study from China found that people who are infected with delta have — on average — about 1,000 times more copies of the virus in their respiratory tracts than those infected with the original strain, and are infectious earlier in the course of their illness. It spreads about two to three times faster than the original version of the virus, and it's currently dominating the outbreak in the United States, responsible for more than 80% of COVID cases.

The Centers for Disease Control, the California Department of Public Health, and the Los Angeles County Department of Public Health have all found that COVID-19 continues to pose a risk to public health, especially to individuals who are not fully vaccinated, and safety measures continue to be necessary in order to reduce the number of COVID-19 cases and deaths. To date, there have been 1,307,970 cases of COVID-19 and 24,704 deaths in LA County. Nationally, new cases have reached an average of about 86,000 cases a day, a jump from about 13,000 daily cases a month ago.

As of August 2, 2021, 71.7% of LA County residents 16 and older have been vaccinated with at least one dose. Unvaccinated individuals are at greater risk of contracting and spreading COVID-19 making themselves and their communities vulnerable. In addition, they pose a threat to children under 12 years of age who are not qualified to receive a vaccine. Vaccination is the most effective way to prevent transmission and limit COVID-19 hospitalizations and deaths.

I THEREFORE MOVE, that the City Council instruct the City Attorney to prepare and present an ordinance that would require eligible individuals to have received at least one dose of vaccination to enter indoor spaces, including but not limited to, restaurants, bars, retail establishments, fitness centers, spas, and entertainment centers such as stadiums, concert venues, and movie theaters.

I FURTHER MOVE, that the Council instruct the Community Investment for Families Department to report back immediately on how to expand the Vax UP LA campaign and what resources would be necessary for a citywide outreach and education program on the COVID-19 vaccines.

I FURTHER MOVE, that the Council instruct the Chief Legislative Analyst, in coordination with all relevant City departments, report back immediately with an implementation strategy.

I FURTHER MOVE, that the Council instruct the City Attorney to report back on a course of action for compliance with the ordinance.
